1. SECTION 1: INTRODUCTION

- 1.1 The admission policies of Technical Vocational and Training Colleges (TVET) Colleges are underpinned and guided by the Constitution of the Republic of South Africa, 1996 (Act no 108 of 1996).
- 1.2 The TVET College system needs to respond to the country's need to redress past imbalances and inequalities by transforming education and training in order to improve the livelihoods of individuals and contribute to the economy and broader society.
- 1.3 The policy seeks to provide a balance between the provision of access in TVET Colleges with the aim of redressing the imbalances of the past and ensuring rigorous success of students. This will ensure that we recruit the capable students who have a keen interest in vocational and technical education.
- 1.4 The TVET College system has expanded access thus receiving exponential growth in student enrolment. This brought with challenges of places for students and increased the competitiveness of access in our College system. The department is shifting its focus from access to quality which is critical towards positioning TVET Colleges as institutions of first choice.
- 1.5 We further recognise the importance of proper career guidance to direct our students to programmes which they would have an aptitude and provide training areas required for the country's economy growth.
- 1.6 The *White Paper for Post –School Education and Training* (WP-PSET) envisages a post-school education and training system that is committed to achieving the following objectives:
 - 1.6.1 Education and Social Justice;
 - 1.6.2 A single coordinated system;
 - 1.6.3 Expanding access, improving quality and increasing diversity;
 - 1.6.4 Education and work; and
 - 1.6.5 Responsiveness

- 1.7 The TVET College sector is required to provide quality opportunities across a wide range of qualifications that are fit for purpose and are responsive to the changing requirements of work and social context, designed for student demands and can articulate appropriately to meaningful opportunities in employment and further study.
- 1.8 The Department of Higher Education and Training, herein after referred to as the Department, has developed this policy to guide TVET Colleges to administer admission systems that uphold the national higher education transformation goals and values of equity of access and redress of past inequalities. TVET Colleges must therefore commit themselves to provide conducive conditions and opportunities for effective learning.
- 1.9 The Department recognises that the CET Act entrusts the role of developing College admission policies to the Council. This policy is therefore developed for the TVET College Council to adopt or adapt it when they develop their own.
- 1.10 Due to the diversity of programme offerings in the sector, differentiated admissions criteria are required to respond to the different qualification objectives. These amongst others will include providing opportunities for the advancement of participation in programmes that require critical and scarce skills, which will lead to filling the gap for occupations in high demand, qualifications that are designed to absorb large number of learners
- 1.11 Once the Department of Basic Education (DBE) makes the three stream model universal, then grade 9 graduates will only be accepted for programmes leading to a trade.

2. SECTION 2: BACKGROUND

- 2.1 FET Colleges were renamed as TVET Colleges in the White Paper, to signify that they have a specific focus on providing mid-level programmes that have direct articulation to the world of work (which is defined as including formal employment, self-employment and other forms of work).
- 2.2 Historically TVET Colleges catered to the specific needs of employed youth and adults, who required theoretical knowledge to support their workplace experience and practical knowledge, and to lead to some sort of tangible certification as evidence of their acquired knowledge and competencies.

- 2.3 The United Nations Population Fund (UNFPA) indicates that in South Africa secondary school Gross Enrolment (GER) is high at over 90 per cent. There are 2 million young people aged between 19-24 years that are unemployed and not in educational institutions. 45.4 percent of males and 55 percent of females in the 15-24 year age group are unemployed.
- 2.4 The DHET/TVET Bursary scheme has been a key mechanism to provide access and contributed to the growth and expansion of the TVET College sector. The growth of the TVET College sector has grown exponentially and the College system is currently unable to accommodate future growth without material contribution to infrastructure development.
- 2.5 The post school education and training system experiences huge demands of students with limited capacity to absorb all the prospective students that progress and as a result significant numbers of young people remain excluded from accessing post- school opportunities. Alternative forms of post –school education such as open learning are critical to responding to the demands of access for young people.
- 2.6 Although there are pockets of excellence from isolated institutions within the TVET College system, generally there are serious quality concerns regarding the qualifications and responsiveness. Therefore, it is essential that the admission criteria in the respective TVET Colleges be carefully considered and subjected to rigorous success standards.

3. **SECTION 3: OBJECTIVES OF THIS POLICY**

To provide guidance on requirements for student admissions for all TVET College Councils in the development of their College admissions policies.

4. **SECTION 4: APPLICATION OF THIS POLICY**

This policy applies to TVET Colleges declared or established by the Minister in terms of the *Continuing Education and Training Act, 2006 (Act No. 16 of 2006)*.

5. SECTION 5: RATIONALE

- 5.1 TVET Colleges have been established to provide opportunities to young people who want to access post-school education and training to cater for the diverse prospective students that want to pursue mid-level skills, by providing them with training, skills development to gain access to the labour market and skills which are required by the South African economy.
- 5.2 Public TVET Colleges have been established to expand access to post school education and to become the institutions of choice to school leavers and out of school youth. The state is mandated to ensure its youth; communities have access to education and training that will deal with socio economic factors faced by communities and the country as a whole.
- 5.3 In order to increase access and position the TVET sector as the institution of choice, it is critical for prospective students intending to enrol in this sector to meet the academic expectations, programme entry requirements as that will enable them greater chance of success and build capacity to fully participate in the labour market.
- 5.4 The Department in the future will increase opportunities for students in the TVET sector by increasing admissions to NQF Level 5 and NQF Level 6.

6. SECTION 6: LEGISLATIVE AND POLICY FRAMEWORK

- 6.1 In terms of section 29(1) (b) of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), everyone has the right to further education, which the state, through reasonable measures, must make progressively available and accessible.
- 6.2 Section 17 of the Continuing Education and Training Act, 2006 (Act No. 16 of 2006) outlines the requirements for an admission policy of public Colleges as follows:
 - 6.2.1 Subject to applicable policy, the Council of a public College determines the policy of the College, after consulting with the academic board and with the approval of the Minister;

- 6.2.2 The admission policy of a public College may not unfairly discriminate in any way and must provide appropriate measures for the redress of past inequalities; and
- 6.2.3 The Council may, subject to applicable policy, the approval of the Director-General and after consultation with the academic board,
- 6.2.4 The Council of the College must take the necessary steps within its available resources to ensure that the College is accessible to disabled students.
- 6.3 The Education *White paper 6 on special needs education: Building an Inclusive Education and Training System* provides for a framework which guides the transformation of practices related to examination and assessments in general with a view to achieving enabling mechanisms to support candidates with barriers to learning.
- 6.4 The White Paper on post school education, 2013, called for a strategic policy framework to guide the improvement of access to and success in post-school education and training for people with disabilities and this includes private institutions. The framework should include accurate definitions of multiple types of disabilities that exist in society and the differentiated response required by the post- school system. As a response to this call, the Department has developed a disability policy for the post-school education and training system.
- 6.5 The White Paper emphasised the need for a holistic approach to addressing disability which includes, specialized technology, assistive devices, reasonable accommodation, practices for students and staff with disabilities.

7. **SECTION 7: DETERMINATION OF CRITERIA FOR ADMISSION TO TVET COLLEGES**

- 7.1 The College Council determines the admission requirements to the College in line with the policies and regulations promulgated by the department of Higher Education and Training, and include:
- 7.1.1 Determining the entrance requirements in respect of all qualifications;
- 7.1.2 Determining the number of students to be admitted for a particular qualification and the manner of their selection;

- 7.1.3 Determining the minimum and maximum duration of study pertaining to a particular qualification;
- 7.1.4 Determining the minimum requirements for re-admission or conditions
- 7.1.5 Determining the medium of instruction ; and
- 7.1.6 Determining the standards and conditions under which students may be refused re-admission to the College.

- 7.2 This policy will provide further guidance and ensure consistency with regards to administration of students' admission processes in TVET Colleges:
 - 7.2.1 Implementation of the registration process;
 - 7.2.2 Provide for the cancellation of registered students
 - 7.2.3 Admission of students with special learning and educational needs
 - 7.2.4 Admission requirements for international students
 - 7.2.5 Registration periods for all programmes

- 7.3 Students' admission into a TVET College shall be subject to the students' acceptance of the rules and academic regulations of that particular institutions. Acceptance of a space at the College shall be taken to constitute acceptance of all published policies and regulations that may pertain to qualifications and all lawful transaction of the College and its agents.

- 7.4 Whilst it is good to have an admissions policy, it is equally important to put system in place to ensure improved students' performance and achievement. The College is therefore expected to adhere to the Department's student attendance and punctuality policy that will assist to monitor attendance of the students once admitted.

- 7.5 The TVET College must through its prospectus, indicate when and how the College will conduct and orientate students in the academic programmes, irrespective of the nature of the programme enrolled for.

- 7.6 The Council should develop a *College Student Code of Conduct* which every student must sign upon registration.

- 7.7 The College should consider implementing a mechanism of conditional acceptance offers which will be confirmed upon final examination results. This will assist in planning for College enrolments and alleviate the pressure of backlogs during registration.

8. SECTION 8: ADMINISTRATION OF ADMISSIONS

- 8.1 A person may register as a student in a TVET College, only if he or she satisfies the legal requirements for admission to study at the College and satisfies any other requirements for admission that may be determined by the Council and laid down in the *College student Code of Conduct*.
- 8.2 To be eligible for admission to a programme in a TVET College, the applicant must be a South African citizen or have a valid study permit, if it is a foreigner.
- 8.3 Preference will be given to students who are:
- 8.3.1 South African citizens
